WHO WE ARE

AN INDIAN LUBRICANT MANUFACTURER BUILT FOR B2B SUPPLY

Since 2017, Goldtap Lubricant Specialities Pvt. Ltd. has manufactured automotive and industrial lubricants, greases, coolants and specialty fluids at its own ISO 9001:2015 certified facility in Changodar, Ahmedabad.

We work with distributors, importers, wholesalers, industrial customers and private-label businesses, supplying packaged products, bulk volumes and products under your own brand.

OUR BRAND

DRIVE Lubricants is made, tested and packed at our Changodar facility, alongside the products we make under our customers' own labels.

DRIVE® LUBRICANTS

INDUSTRIES WE SERVE

Automotive

Cars, two-wheelers, three-wheelers, trucks and buses.

Agriculture

Tractors and farm machinery working in field conditions.

Industrial

Hydraulic systems, gearboxes, machining and plant upkeep.

B2B supply

Importers, distributors, wholesalers and private-label brands.

OUR MISSION

To empower machines and industries through lubrication solutions focused on performance, reliability and practical application needs.

OUR VISION

To become a globally trusted lubricant manufacturer through technical capability, consistent quality and long-term partnerships.

OUR FACILITY

FORMULATION TO DISPATCH, UNDER ONE ROOF

400,000

LITRES PER MONTH

Blending equipment, storage tanks, filling and labelling machinery and an in-house quality lab at our Changodar plant.

HOW EVERY BATCH IS MADE

01
Raw materials
Base oils and additives held in dedicated tanks and storage areas.

02
Blending
Components combined in controlled blending to the target formulation.

03
Processing
Tanks, pumps and transfer lines move each batch through production.

04
Quality control
Samples checked against product requirements before filling.

05
Filling
Dedicated machines fill bottles, buckets and barrels.

06
Labelling & packing
Labelled and packed to the agreed product and pack format.

07
Storage
Finished goods held in organised storage for customer orders.

08
Dispatch
Orders prepared and loaded at our own facility for delivery.

QUALITY AT EVERY STAGE

- ISO 9001:2015 certified manufacturing
- Lab evaluation of incoming raw materials
- Checks on in-process blends
- Chemist-led testing of finished products before dispatch

Technical data sheets available on request for every product.

01 · AUTOMOTIVE

ENGINE OILS FOR EVERY VEHICLE

Every oil is blended to the API or JASO grade you need, such as CK-4, CI-4, SN or SP. Available under our DRIVE brand, or under your own label.

CAR SEGMENT · BS6

Petrol, diesel, CNG and LPG passenger cars

5W-30 BS6	Fully synthetic
5W-40 BS6	
20W-50 BS6	
20W-50 CNG Auto BS6	CNG vehicles

MOTORCYCLE · 4-STROKE

Motorcycles and scooters

4T 20W-40	
4T 10W-30	
4T 5W-30	
4T 15W-50 BS6	
Fork Oil	Front fork suspension

DIESEL & COMMERCIAL

Heavy-duty diesel engines in trucks, buses and LCVs

20W-40	
15W-40	

2-STROKE & SPECIALTY

Two-strokes, transmissions, tractors and pump sets

2T Oil	Two-stroke engines
OBM 2T	Outboard motors
TQ Oil	Auto transmission & power steering
Wet Brake Oil	Tractor wet brakes
Pump Set Oil	Diesel pump sets

ANY GRADE
Made to the specification you need

TECHNICAL DATA
TDS available for every product

PACKS
175 ml bottles to 210 L barrels

02 · TRANSMISSION & INDUSTRIAL

GEAR, HYDRAULIC AND INDUSTRIAL OILS

For vehicle drivelines, mobile hydraulics, plant machinery and engine cooling, each made to the grade you specify.

AUTOMOTIVE GEAR OILS

Gearboxes, differentials and axles

EP-90	
80W-90	
EP-140	
85W-140	
75W-90	Fully synthetic

HYDRAULIC OILS

Construction equipment, tractors and plant hydraulics

Hydraulic 32	
Hydraulic 46	
Hydraulic 68	

INDUSTRIAL LUBRICANTS

Industrial gearboxes and machining

VG 220	Industrial gear oil
VG 320	Industrial gear oil
VG 460	Industrial gear oil
Cutting Oil	Machining and metalworking

COOLANTS

Water-cooled engines

Coolant	Anti-freeze concentrate · 1:5

MADE TO YOUR GRADE

03 · GREASES

GREASES FOR BEARINGS, CHASSIS AND HEAVY LOADS

Made in our own grease mixing vessels and packed in tubs, buckets and barrels.

GREASE 50000 (EP RED)
Extreme pressure grease for heavily loaded parts.

EP-2 GREASE
Multipurpose extreme pressure grease.

WHEEL BEARING GREASE
For wheel bearings and hubs.

CHASSIS GREASE
For chassis points and general greasing.

GEL GREASE
Pale yellow gel grease for general lubrication.

RED GEL GREASE
Red gel grease for general lubrication.

04 · PACKAGING

PACKS FOR RETAIL, WORKSHOP AND BULK

175 ml to 7.5 L
Bottles for retail and workshop sale

10 L to 50 L
Buckets for workshops and fleets

180 kg / 210 L
Barrels for industry and bulk supply

YOUR BRAND
Your name on the bottle, carton and label.

EXPORT PACKING
Packs, drums and bulk planned around each shipment.

PRIVATE LABEL · DISTRIBUTION · EXPORT

THREE WAYS TO PARTNER WITH GOLDTAP

PRIVATE LABEL

Build your lubricant brand without building a factory.

- Your formulation or ours
- Blended in our plant
- Filled in the pack you need
- Your label, carton and sticker

DISTRIBUTORS

Stock the DRIVE Lubricants range for your market.

- Automotive, industrial and grease ranges
- Packs from 175 ml to 210 L
- Supply direct from the factory
- Direct line to our team

EXPORT

Packaged and bulk supply for importers abroad.

- Bulk and packaged products
- Export documentation support
- Packing planned per shipment
- Logistics coordination

HOW A PRIVATE-LABEL PROJECT MOVES

01 **Your requirement**

02 **Product discussion**

03 **Formulation or product selection**

04 **Manufacturing**

05 **Filling and packing**

06 **Delivery**
